SAMHSA financial awards by states/territories		Grants & Funding	"Publications" is in the category of "Publications, Research & Data" because it seems like all of these items are publications. It's tough to tell the difference between what would go under "Prevention, Treatment & Recovery" and "Conditions, Disorders & Substances"
Financial aid for PTSD studies		Grants & Funding	It's confusing that the word "Publications" is in the category of "Publications, Research & Data" because it seems like all of these items are publications. Options to pay for your mental health bills	Grants & Funding	This was a confusing exercise. I do want to say that I appreciate the material you have sent me, which I have passed out to supervisors/co-workers. With so much substance abuse going on and the users are getting younger and younger each year, this information will prepare us on how to better help clients.

Continuation assistance for grantees	Grants & Funding	This was a confusing exercise. I do want to say that I appreciate the material you have sent me, which I have passed out to supervisors/co-workers. With so much substance abuse going on and the users are getting younger and younger each year, this information will prepare us on how to better help clients.

SAMHSA financial awards by states/territories	Grants & Funding	I didn't think continuing education courses for secondary teachers didn't belong anywhere (on the SAMHSA website). There was not enough in the Prevention, Treatment & Recovery column. It was the least robust, particularly for prevention. The only place for prevention could be under evidence-based practice and success stories, but it would be buried under this category.
